SCHEDULE H – PROGRAM EXPENSE ALLOCATION PROCEDURES

Any expense allocable to a particular service may not be shifted to other services to overcome funding deficiencies or to avoid other restrictions imposed by law or terms of an award or program. Please use comments tab if additional space is needed.

1. Allocation Methodology Across Procedure Codes Within Waiver Line of Business:

Please use the drop-down boxes in Column B to indicate which expenses are actual and which are allocated. For those categories that are allocated, please use the drop-down boxes in Column C to indicate the basis for allocation.

| | Α | В | C |

| 6 | Administrative Staff Salary/Wages (Schedule D-3) | Allocated | Other |
| 7 | Administrative Staff ERE (Schedule D-3) | Allocated | Other |

| 14 | Depreciation - Buildings (Schedule E) | Allocated | Square footage |
| 15 | Depreciation - Fixed Assets/Equipment (Schedule E-2) | Allocated | Other |

2. Description of Allocation Methodology for "Other" Allocation Basis:

If your response to Question 1 indicates "Other" as the basis for allocation, please explain the method used and how such method results in a fair and equitable distribution of expenses.

For administrative staff, staff kept logs of how they spent their time for approximately an 8 week period during the first 1/2 of the year and an 8 week period during the second 1/2 of the year. The result of that time study was used to allocate administrative staff time. Administrative ERE was allocated in the same way. Fixed assets, if directly attributable to the Waiver program, were assigned to the Waiver based upon actual depreciation charges. If not directly attributable, but still used in some way for Waiver, depreciation was charged based upon the percentage of square footage used for Waiver participants versus other programs. See comments tab for further explanation.

3. Allocation Methodology Across Lines of Business:

Please explain the methodology used to allocate total provider expenses across categories (Other LOB, Base, Fee Schedule, Department-established Fee and Outcomes-Based, Excluded Non-Allowable Waiver and Waiver) on Schedule A (Columns B through F) and describe how the method results in a fair and equitable distribution of expenses.

In addition to Waiver services and participants, our organization provides services to Base-funded individuals and some services that are contracted with other DHS agencies (e.g. OLTL). For cost categories that could not be directly attributed to one of our lines of business, costs were removed based upon the percent of Base-funded individuals to Waiver participants to determine excluded LOB expenses related to column B and C. Column D is based upon billings for Waiver participants. Column E was either specifically identified and/or allocated using the methodology described in #2 (time studies).

4. Supporting Documentation Indication:

Has additional supporting documentation been uploaded or provided on the Comments tab?

5. Change in Methodology Indication:

Is your method of allocating program service expenses consistent from year to year? If "no", provide explanation on the Comments tab.

6. Allocation Reasonable in Proportion to Benefit:

Are expenses allocated to services reasonable in proportion to benefits received? If "no", provide explanation on the Comments tab.
